

Recruitment Solutions

Permanent Staffing

- Combination of conventional and non-conventional techniques
- Detailed assignment briefing and fully validated testing procedures
- Access to thoroughly screened, qualified and interested candidates
- Carrying out permanent staffing in short duration of time
- Satisfying requirements of the clients across various functions like technology, telecom, banking, financial services & many more
- We look for candidates who are skilled enough to move up the corporate ladder

Temporary Hiring

- Sometimes a project requires some temporary work to be done for a limited period of time we cater to this need perfectly
- We provide the best temporary staff that suits the client's need at that moment
- Proficient in scouting talent and judging adeptness
- We carry behavioural dialogues and broad skill measurements to make certain that the client gets the correct temporary staffing solution they require.

Contract Staffing

- This employment model provides with an excellent opportunity for the client to have on-time cost-effective recruiting of the candidates with required industry skills for critical tasks for a specific time period
- Contract Staffing gives an edge to the employer to test the skills of the candidate for a temporary period of time and if they are satisfied with the candidature can offer them a permanent role
- We are proud to provide high quality professional, and top-notch technical employees suited for your organization. We also ensure that the individual's capability, proficiency and work-related philosophies match those of your organization and gel with your corporate culture as well

Payroll Management

- Payroll Outsourcing involves Payroll Management. If you have thought about reviewing internal processes, streamlining back office functions or are aiming to reduce operating costs, your organization could benefit from Global Solutions Managed Payroll Services. In simplified terms, by implementing Managed Payroll Services, Global Solutions becomes the surrogate pay office for your organization, taking responsibility and accountability for the provision of payroll services. The Payroll Services provided by us include:
 - Salary & Benefits structuring consulting
 - Payroll processing
 - PF & ESIC
 - Standard Reports & MIS
 - Employee query handling
 - Pay slips e-mailing
 - Tax Computation
